Gabriela Knop Marques | Passionate About Learning and Teamwork
Frontend Specialist Expanding into Kotlin & Full-Stack Development

Berlin, Germany

knop.gm@gmail.com | 0176 36595273   **knopgm.com**   **github.com/knopgm**   **linkedin**

Motivated and adaptable software developer with a strong foundation in frontend development and a growing interest in backend and mobile development using Kotlin. Graduate of a full-stack bootcamp with experience working in cross-functional, fast-paced environments. Known for a proactive learning mindset, mentorship experience, and collaborative work style. Currently seeking an opportunity to grow on a global stage, build high-quality software with great teams, and embrace new technical challenges.

TECHNICAL SKILLS

Languages & Frameworks: JavaScript, TypeScript, React.js, Node.js, HTML, CSS, Tailwind CSS, Kotlin (learning)

State Mangement & Testing: Redux, React Testing Library, Jest.js

Tools & Workflows: Git, Agile/Scrum, Figma, CI/CD (GitHub Actions), Webflow

Backend & APIs: REST, GraphQL, MongoDB, Express.js

Soft Skills: Pair Programming, Code Reviews, Mentorship, Multicultural Teamwork

EXPERIENCE

Frontend Developer | Rita Group (Intern/Contract)
Jul 2024 – Present

- Turned complex Figma designs into fully functional, responsive pages using HTML, CSS, JS and Webflow.
- Collaborated with cross-functional teams and contributed ideas during design/dev alignment sessions.

Frontend Developer | Comtext (Freelance)
Sep 2024

- Delivered a full React + TypeScript website in under one week, working directly with the CTO and design lead.
- Applied best practices in responsive design, interactive UI, and accessibility.

Frontend Developer | Smatched.io (Short-Term Contract)
Jan 2024 – Aug 2024

- Modernized UI architecture using scalable React components and styling systems.
- Led development of key site features and implemented unit tests using Jest and RTL.
- Participated in team code reviews and daily syncs, contributing to team growth and code quality.

Teacher Assistant | ReDi School of Digital Integration (Volunteer)
Oct 2023 – Mar 2024

- Mentored 25+ students in React, JavaScript, HTML, and CSS fundamentals.
- Supported teachers in assignment review, pair programming sessions, and Q&A support.
- Contributed to a positive, inclusive learning environment for career changers and newcomers.

PERSONAL PROJECTS

BlogMe   **view project**
React.js, TypeScript, Jest, Router

- Built a scalable frontend with reusable components for dynamic blog content.
- Applied TDD principles with strong test coverage to ensure UI stability.

Delivery Fee Calculator   **view project**
React.js, TypeScript

- Developed a dynamic fee calculator based on user inputs and business logic using React.js and TypeScript.
- Built and tested the application in just nine days, ensuring high accuracy with Jest and React Testing Library.

MyFlix   **view project**
MERN Stack (MongoDB, Express, React, Node.js)

- Developed a complete movie app with authentication, API calls, and state management using Redux Toolkit.
- Worked with backend logic and integrated error handling, routing, and database interaction.

EDUCATION

Career Foundry Bootcamp | Full-Stack Development Certificate
Feb 2022 – Jan 2023

- Focus: JavaScript, React, Node.js, MongoDB, Angular, React Native

FreeCodeCamp | Web Development Fundamentals
Apr 2021 – Jul 2021

Epic React by Kent Dodds | React Advanced Concepts
Jan 2021 – Mar 2021

LANGUAGES: Portuguese (native), English (fluent), German (B1 level)

NOTES FOR RECRUITERS:

I'm eager to bring my frontend foundation into a more complete developer role through the Kotlin Hero Tech journey. I value collaboration, clean code, mentorship, and continuous growth. I'm ready to dive in full-time, exceed expectations, and contribute with energy and curiosity.
